---

I am waiting to see if the AG has any words of wisdom on this first. I could send a follow up scathing email harder hitting to Hawker. I think that could have the reverse affect and inflame the situation even more. I will see what Dan's input is. I asked him to weigh in because of the threatening nature of Hawker's message to me.

Well I haven't heard that, and am surprised he'd ask for that. Isn't this the same ramras that pulled the "V" word garbage when referring to me, with no denouncing? Mike- what's the strategy on this? I don't see a need to interject myself into the story, which is what ktuu and others would sure love for us to do.

I believe Ramras – through the media - has called upon you to denounce the website.

I haven't even been aware of the ramras' "conflict" until this afternoon! Sheeeeesh. Funny tho, bc I've been criticized roundly for three years bc of Todd's assn with BP and the perceived "conflict" there - and I sure never heard Hawker (you should see his threatening emails to Nizich about this) nor Ramras nor Jason nor anyone else demanding denouncing those accusations.

What am I missing tho? Such a variety of people blog 24/7 so much crap about us - how did I become a part of this story in Jason's eyes?

Governor –

Jason Moore is doing a story on the C4P web story on Rep. Ramras and his stock holdings in BP and a possible conflict of interest – During the session he introduced a resolution critical of AGIA. I guess the thought being – if AGIA fails his stock goes up. I told Jason that neither you nor your office has anything to do with C4P. Jason wanted to know if you wanted to publically denounce the website. I reiterated that you are not involved with the website – but said I would ask anyway. Please let me know if would like me to say anything further.
